

## **The Best Just Got Better...**

*OEM Upgrade from the OEM!*

Corrugated Gear and Services, manufacturer of the industry standard General Taper/Gluer is pleased to offer a state of the art Electronic Upgrade for your existing General Taper. Our user friendly Allen Bradley PLC, complete with variable speed drive will dramatically improve the productivity and efficiency of your older General Taper.

The kit includes an Allen Bradley Micrologic 1000 PLC with AC inverter, a variable speed drive with encoder and dual photo sensors. The PLC comes ready to run a combination of tape, hot melt and cold set glue.

Call us today and convert your existing taper from "old" to "new"!

- ▶ **Fully wired, Programmed and Easy to Install!**
- ▶ **Reduced setup time between orders**

**General Taper  
& Machine Co.**
